

Join Our Dynamic Team as a Compliance Specialist

Are you passionate about data protection and looking for a role in an innovative company with supportive colleagues and a positive, flexible work culture? Do you want to contribute to a secure digital platform that caters to over 24 million users globally? We are seeking a talented Compliance Specialist with experience in data protection law/GDPR and contract law to join e-Boks.

About the Role

As our current Compliance Specialist is moving on to new opportunities, we are looking for a professional with experience in data protection law/GDPR and contract law to take over this role.

In this position, you will be a key member of our legal team, providing ongoing advice and working on tasks such as:

- Drafting and reviewing various agreements including data processing agreements
- Supporting the development of our products and services by evaluating projects for compliance
- Analyzing and developing business processes
- Conducting internal control
- Performing risk assessments
- Leading compliance projects
- Continuous update of our compliance tool
- You will also participate in larger, often international projects and collaborate with various departments across e-Boks.

You will be part of a small, dedicated Legal & Compliance Team, working closely with our DPO and Security department. You will report directly to our General Counsel.

About You

We are looking for someone who:

- Is proactive, analytical, and detail-oriented
- Approaches tasks with a positive attitude
- Can work independently and as part of a team
- Is passionate about and experienced in data protection law/GDPR
- Has experience with review and drafting of agreements

We would like you to have:

- A Cand.merc.jur. or Cand.jur. degree
- Minimum 3 years of relevant work experience. Preferably with experience within data protection law/GDPR and contract law.
- Excellent communication skills in both Danish and English

The most important qualities we seek are a positive attitude and a willingness to learn. Even if you don't possess all the listed qualifications, we still encourage you to apply. We will provide the necessary training and development to help you acquire the required competencies.
